

# Price Transparency Update: 2024

The OPPS Price Transparency Final Rule (CMS-1717-F2) that went into effect in 2020 continues to evolve and impact providers every day.

The concept behind the Price Transparency Final Rule is simple: provide pricing that will help consumers understand medical costs and make informed decisions. Implementation has been a bit more complicated. Experian Health and Cleverley + Associates will help you comply with the ruling and its updates, and deliver a great patient experience, too.
